

## My Favorite Mt. Clemens Memory

As a new resident, all my memories are recent. I love everything about Mt. Clemens and have many great recent memories.

This city has so many great things going on from Friday night outside concerts, farmers market 3 days a week, wonderful art center and library, great parks, biking trails and the river. I can bike, hike or Kayak daily. Why live anywhere else?

My absolute favorite memory is the fireworks on the river in town.

They are the greatest.

Sincerely,

Mary Fields
